Write an organizer brief

Task 1.4–1.5 / Prepare and draw

Name _____ Team _____ Date _____

01 Set up the investigation

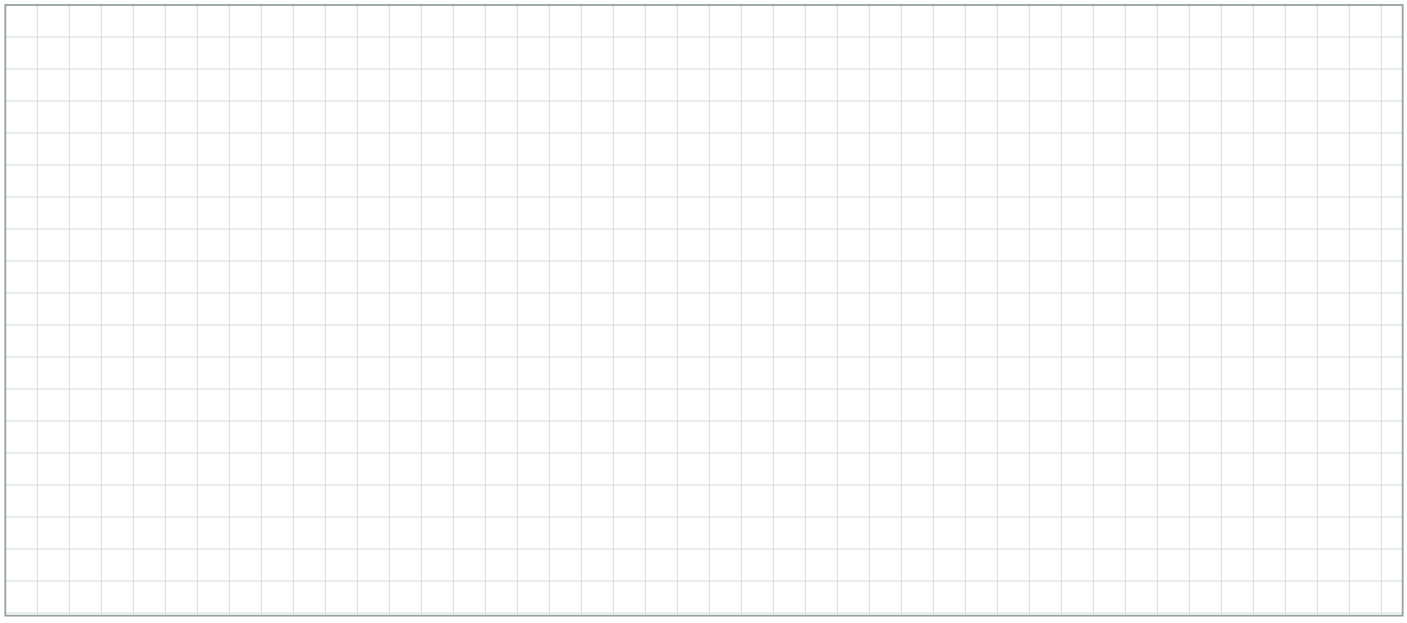
Arrange three objects on the available surface. Show the reach path. Agree on two signs of success and one limit with the actual user.

Measure three items. Ask the user which is hardest to retrieve. Record a quote or observed action.

Item	Dimensions and units	User comment or observed action
Item 1		
Item 2		
Item 3		

02 Plan it on paper

List the job, two measurable criteria, and a material or space limit. Sketch the area available.



My prediction, chosen feature or design limit

Write an organizer brief

Task 1.4–1.5 / Test, compare and explain

Name _____ Team _____ Date _____

03 Run the test and record what happened

Compare an existing organizer with the brief. Have the user try its arrangement with the actual items. Read the brief back to the user. Replace a vague word such as easy with an action you can observe.

Requirement	Observable test	User confirmation or change
Criterion 1		
Criterion 2		
Space / stock limit		

04 Use the reading

Ch. 5 | The Art of Engineering | printed pp. 35-40
Ch. 6 | Bringing Designed Ideas to the Market | printed pp. 41-50
Complete the assigned checks in the interactive reader. Here, identify a page and one idea that helps explain your result or design decision.

05 Individual explanation

Give one user requirement, its test, and the observation that led you to choose it.

Keep these sheets with the work. Save the individual explanation in the lesson’s Explain step.
